

 **CodeRED™**

A livestock disease alert system
for Nebraskans.

NEBRASKA

Good Life. Great Roots.

DEPARTMENT OF AGRICULTURE

What is CodeRED?

CodeRED is an alert system that the Nebraska Department of Agriculture uses for emergency communications. This system uses texts, calls, and emails to alert the subscribers of scenarios that could affect them, such as livestock diseases, fires, and floods.

What does it have to do with me?

The Nebraska Department of Agriculture has identified you as someone who could benefit from immediate, direct alerts.

What do you plan to do with my personal information?

Your personal information will only be stored in the CodeRED account associated with the Nebraska Department of Agriculture. This information is NOT shared with any other entity outside of CodeRED and is only used to sign you up for the alert types that you opt-in for.

Uses The CodeRED® system will be used to send critical communications.

Caller ID When you see the following displayed, you will know the call is from us. If you would like to hear the last message delivered to your phone, simply dial the number back.

- Emergency Notifications
1-866-419-5000 or Emergency Comm
- General Notifications
1-855-969-4636 or General Comm

Privacy Your contact information remains private and will only be used for community notifications.

Join CodeRED To make sure you receive notifications, please register by scanning the QR code with your phone's camera. No account required.
